"WE'RE IN THERE PITCHIN'" STATE ELKS

—Photo by Nelson-Gushul Studio, Coleman

MISS DOREEN JENKINS
daughter of Elk George Jenkins who carries the colors of the Coleman Elks. "We're in there pitchin'" state the Elks in chorus as they each dig down into their respective jeans for a dollar with which to buy two books

Dominoes Drub Kimberley 18-0 In Poor Game

Game Called at End of Sixth; Dominoes' Executive Apologizes for Poor Game

Brushing aside all efforts of their Kimberley Canadians opposition, Coleman Dominoes completely outclassed them in every department to win an easy exhibition game 18-0, the contest being called at the end of the sixth inning.

Binds, in his first game of the season, led local scorers with four followed with Graham, Kwasny and Skura with three runs. Townsend got two and Gihney, Antonenko and Nimcan got one each. Big Bill Skura smashed out the only two homers of the game. Skura pitched hitless ball, walking one man and striking out twelve of the eighteen batters to face him.

The Dominoes' executive apologizes to the fans for such a poor exhibition of ball and ask that all those who purchased booster tags retain them as they will be honored at the next exhibition series between an outside team and Dominoes.

Dominoes Lose In Semi-Finals In Kimberley Sports

Excitement ran high in the first game of the Kimberley sport tournament, when Coleman Dominoes met Cranbrook, in a match that has seldom seen its equal.

Big Bill Skura, Coleman's ace hurler proved himself more than just a chucker when he slammed two circuit hits. Pooch Heuka, the receiving end of the team, hit the third homer, and Pete Antonenko, Coleman's first baser, broke up the game in the fast of the eighth, with the fourth homer of the game. Final score, Coleman, 4; Cranbrook, 3.

The second game played right afterwards proved to be a little more thrilling than the first, for neither team stayed ahead more than one run for more than one inning. In the second inning of over time Coleman let one run in, the winning one. The Canadians, the winning team, then played the Globe, for first prize money, the score being 6 to 5 in favour of the Canadians.

WE'LL SELL FOR HER, WE'LL WIN FOR HER—POLISH SOCIETY

—Photo by Nelson-Gushul Studio, Coleman

MISS ANN KUCHTYK
the darling of the Coleman Polish Society who is working hard, along with her committee, to put the Society in the limelight and have the personal honor of representing her countrymen at the head of the colorful parade scheduled for 11:30 Saturday, July 31. Miss Kuchtyk is no doubt having the support of all Societies in Coleman as well as some in Blairmore and Bellevue. Sister Mary, member of the Coleman Pipe Band, might even woo the votes of brawny Scots with a few reels on the bagpipes some Saturday night.

Cubs Beat Blairmore To Lead League

Won Over Pass Rivals 9-4 in Easy Victory; Kimoto Again Winning Pitcher
Coleman Cubs defeated Blairmore C.C.'s 9-4 at Blairmore on Sunday afternoon to continue as leaders of the C.N.P. Baseball league.

The game, played on a muddy diamond, was highlighted by Coleman's five run scoring outburst in the sixth inning. Ray Haisah's perfect day at bat and Alex Kovack's four runs afforded "Lefty" Kimoto sufficient support to coast to a well earned victory.

For the losers, who collected ten hits, Catonio, Cerny and Kubik starred at bats, each collecting two hits. John Smith, plate umpire, gave a display of umpiring that was much appreciated by the crowd who braved the cold, rainy afternoon tilt.

ELKS ANNUAL PICNIC SUNDAY

Coleman Elks and their wives and families are motoring out to Sentinel at 12:30 on Sunday afternoon to spend a few glorious hours frolicking all over the place.

It will be the occasion of the annual picnic and the committee in charge have completed their program arrangements. There will be sports of all kinds in addition to horse shoe pitching, dancing, singing and instrumental music. To wind up the day there will be a big Weiner roast in the evening.

Those Elks without cars are asked to be at the Grand Union at 12:30 when Ciaes' Bus will leave for the picnic grounds on the Bouthillier ranch, south of Harry Boulton's property.

Celebrated 50th Wedding Anniversary

Crosby Golden Wedding

Mr. and Mrs. Richard Tiffin, Low Side, Crosby, celebrated their golden wedding on Monday, the day before the birth of their great grandchild in Maryport hospital, a son to Doctor and Mrs. S. Happel.

They were married at Allenby Parish church and were extremely well known in their earlier married life in the inn trade in the Maryport district. At different times they were tenants of the Miners' Arms, Fothergill, the Globe Inn, Maryport, and the Ship Inn at Allenby. Subsequently, however they left that trade and have now lived at Crosby for about 40 years.

"Dick" Tiffin has always been keenly interested in sport and in his younger days was one of the crack cyclists competing at Maryport Athletic Ground, Lonsdale Park, Worthington, and other Cumberland cycle tracks. Exceptionally good health has been one of the best features of their married life. Both are well and active still. Mr. Tiffin's garden is always one of the first in Crosby and district and Mrs. Tiffin can be seen regularly on her weekly shopping round in Maryport.

Of their family of five, four have left Cumberland. Mr. Guy Tiffin is in the motor trade in Yorkshire. Mr. Alfred Tiffin is a contractor in the Home Counties, and Mr. Richard Tiffin is in Canada. Mrs. J. C. Palmer lives in Maryport and Mrs. H. Morley in Middlesex.

CARRYING BOARD OF TRADE HONORS

—Photo by Gushul, Blairmore

MISS MILLIE BUBNIAK
daughter of Board of Trade member Louis Bubniak of the West End Market. Millie has been most aggressive in her ticket selling campaign to-day and has a miniature army of youngsters selling in her behalf.

Council To Prosecute Persons Making Home Alterations, Repairs Or Building Without Permit

Court Of Revision Scheduled For Friday Night, Driving Lights To Be Installed At Dangerous Street Corners

Regular meeting of the town council was held on Thursday evening. Present Mayor Abousafy, Councillors Wilson, Jenkins, Dutil and Ramsay.

The question of speeding within the town limits was discussed. Chief of Police Antle was authorized to keep a close check on all drivers of vehicles within the town, particularly truck drivers.

Mr. Herb Jamieson, superintendent of Sentinel Power Plant, of the East Kootenay Power Co., is to be sent a letter of appreciation for his company's gift of pipe tubing to Coleman Sports Association and which will be placed around the tennis courts.

Secretary was authorized to write the Dept. of Water Resources asking that the creeks in this area be dredged to help prevent future flood. McGillivray Creek Coal & Coke Co. Ltd. will be asked to support council's request to the Department.

In future ratepayers will be given the opportunity of examining the assessment book if they so wish during the period stipulated in the Towns & Village Act.

Ash collection came back into its own on Thursday night. Council is still not satisfied with collections and W. Dutil, chairman of the Works & Property Committee along with Town Foreman Joe Malchuk were authorized to go into a huddle and come up with some plan that might result in an immediate improvement.

Works and Property committee was also assigned the tasks of making a decision on the

DeCeco concrete wall which has now completely collapsed into Nez Perce creek on Third street, and improvement to the alleyway at the rear of the Mrs. M. E. Cornett property on main street east.

The Androskash residence on Second street east of the hospital is to be offered for sale, advertisement to appear in this week's Journal.

Council dealt with the matter at some length and eventually tabled the correspondence. Following is Mr. Hewlett's letter:

Dear Mr. Mayor:—
RE: Collection of Garbage in East Coleman
When I recently visited your town we had some discussion concerning the possibility of your garbage collector taking care of the garbage in that portion of the improvement district immediately contiguous to your town on the east and southeast. You mentioned that this service was costing your town quite a large sum of money annually, and with the additional territory I am wondering whether the cost per resident might be reduced to some extent.

Would you be good enough to discuss this matter with your council and ascertain whether your town would be prepared to permit your garbage collector to take care of the garbage in the above mentioned areas and if so what might be estimated to be the approximate charge which the improvement district would be required to pay to your town.

Yours very truly,
Wm. Hewlett, Supervisor of Field Service.

By-laws of the town of Coleman have been enacted down through the years. A number are badly out-dated and it will be the duty of town solicitor Sam Bannan to modernize them and bring them in to the council at some future meeting.

The only means council has in keeping a check on home improvement is through building permits. Too many people are uttering or repairing their homes without the formality of applying for a building permit at the town office that council has declined to start prosecution proceedings against the guilty parties in future.

SURVEY TELEPHONE CO. LOT ON MAIN STREET

Engineers arrived in town on Tuesday morning of last week and immediately began to survey the Alberta Government Telephones lot next to the Frank Abousafy more. The two men were from the Edmonton office.

Mr. Edwards, who appeared in charge, stated that the construction of the building would be started soon but that it was questionable when the equipment would be installed since it was very difficult to secure.

East Coleman Seeks Garbage Collection Service

Council Dealt With Subject At Last Meeting and Tabled Correspondence.

The residents of East Coleman, through the Department of Municipal Affairs, are seeking garbage collection services. This was made known through correspondence received by Mayor Frank Abousafy from Mr. Wm. Hewlett, supervisor of Field Service for the Department.

Council dealt with the matter at some length and eventually tabled the correspondence. Following is Mr. Hewlett's letter:

July 3, 1948.
Dear Mr. Mayor:—
RE: Collection of Garbage in East Coleman

When I recently visited your town we had some discussion concerning the possibility of your garbage collector taking care of the garbage in that portion of the improvement district immediately contiguous to your town on the east and southeast. You mentioned that this service was costing your town quite a large sum of money annually, and with the additional territory I am wondering whether the cost per resident might be reduced to some extent.

Would you be good enough to discuss this matter with your council and ascertain whether your town would be prepared to permit your garbage collector to take care of the garbage in the above mentioned areas and if so what might be estimated to be the approximate charge which the improvement district would be required to pay to your town.

Yours very truly,
Wm. Hewlett, Supervisor of Field Service.

By-laws of the town of Coleman have been enacted down through the years. A number are badly out-dated and it will be the duty of town solicitor Sam Bannan to modernize them and bring them in to the council at some future meeting.

The only means council has in keeping a check on home improvement is through building permits. Too many people are uttering or repairing their homes without the formality of applying for a building permit at the town office that council has declined to start prosecution proceedings against the guilty parties in future.

Western Board Of Music Examination Results

Mrs. Alice Buckna, who is studying music at Vancouver during the summer months, forwarded the following results to The Journal for publication. All students mentioned are those of Mrs. Buckna and the examinations were by the Western Board of Music.

First Class Honors:
Mary Wilson, Coleman, grade 11; Audrey Hotte, Coleman, grade VI; Joan Johnston, Coleman, grade VII; Lenore Dutil, Coleman, grade VII; Geraldine Kemp, Blairmore, grade VII Honors.

Clementine Cell, Coleman, grade III; Gloria S. Maniotta, Blairmore, grade III; Margaret Ann Vejprava, Blairmore, grade III; Diane Guardar, Coleman, grade IV; Hazel Ennis, Blairmore, grade V; Julianne Ledieu, Coleman, grade VI.

Pass:
Donny Edl. Frank, grade II; Keith Clarke, Coleman, grade III; Joanne Montalbetti, Coleman, grade IV; Norma Toppo, grade IV; Norma Shields, Coleman, grade V; Carole McDonald, Coleman, grade V; Patrick Naylor, Coleman, grade VII; Dolores McLean, Coleman, grade VIII.

HOSPITAL NOTES

Mrs. John Denholm was admitted to hospital on Saturday.

Mrs. Olga Petruniuk was admitted to hospital on Tuesday, July 6.

Mrs. Anna Dumont was admitted as a patient on Wednesday, July 7.

Mr. Peter Rizzo was readmitted to hospital on Friday last after only a few days spent at home following his first stay in hospital.

Slim, of the Coleman Cafe, was admitted to hospital on Friday, July 2.

Young Trenton Cox was readmitted to hospital on Monday, July 5.

FIX ROADS IN TOWN

Town workmen on Monday morning were busy with their tar machine and a truck full of small gravel taring and filling in the many pot-holes which dotted the residential streets.

Given hot weather the job should be completed this week and motorists can ride at ease throughout the town.

The Churches

ST. ALBAN'S CHURCH
Coleman, Alberta
8th Sunday after Trinity
11 a.m. Holy Communion with hymns and sermon.
Rev. A. S. Dewdney, M.A. B.D.

SALVATION ARMY
SUNDAY, July 18
Holiness meeting 11 a.m.
Sunday school 12:15.
Salvation meeting 7:30 p.m.
A mid-week meeting will be held each Thursday at 8 p.m.

ST. PAUL'S UNITED CHURCH
Rev. R. Magowan, D.D., Pastor
11 a.m.—"The Supreme Sinner"
The evening service, and the Sunday school have been withdrawn for July and August.

Parents and friends are invited to hear an evening program in the church on Friday, July 18 at 7 p.m. This will mark the close of a very successful two-week church vacation school enjoyed by almost a hundred children.

The program to be supplied by the pupils of the Vacation school will reveal the practical and moral value of such a school. And the display-table showing the hand work carried on, which gave such enjoyment to the children besides cultivating within them a love of art and skill in expression, will prove to be a source of pride to the parents. Be sure to attend.

Building Permits

Notice is hereby given that all persons within the Town of Coleman, altering, repairing or constructing buildings must first secure a building permit. Failure to do so will result in prosecution.

G. LEES, Secretary.

HOUSE FOR SALE

4-roomed house with pantry. Located 2 doors east of Miners' Hospital.

Submit offers to Town Office on or before JULY 30, 1948.

G. LEES, Secretary.

World News In Pictures

"PAPER COW" IN OTTAWA BEEF PRICE PROTEST AMUSES CROWDS—Ottawa, Ont., housewives protesting rising beef prices brought chuckles from crowds in the capital's downtown section with the antics of their "paper cow", pantomimed by two unidentified civil servants. Mrs. Patricia Wilkinson, president of the Ottawa Housewives Consumers association, dressed as a farmerette, led the animal in the protest parade. "Don't let the cow jump over the moon," said a sign carried by a two-year-old red-headed boy.

HORSE SHOW A WHOPPING SUCCESS—The two-day horse show at Galt, Ont., attracted so many that 103 entries had to be declined. People from all over Ontario and many visitors from the U.S., came to enjoy the show, which included modelling of the latest beach wear. Here, clearing hurdle with room to spare, is 13-year-old Norris Long, competing for his father, Haland Long, of Port Nelson, Ont. He placed third. Second annual show offered \$6,200 prize money, \$2,000 worth of trophies and \$1,000 in merchandise. Youth was predominant in events for all classes.

D.P.'S ARRIVE IN CANADA—Mother and child from Poland, Mrs. Coporia Shuman and Shonano, two, were among the 75 D.P.'s who arrived in Canada to settle in Ontario. Mr. Shuman is here, too. Blonde, 16-year-old Lithuanian girl, Helene Bernotas, hopes to go to University of Western Ontario in London next year. Her family will farm near there.

D.P. NEWCOMERS—Siegmund Nichel, 17, and his five-year-old sister, Ilse, were among a group of displaced persons from Europe that arrived in Canada recently. The group will start life afresh in southern Ontario districts.

OIL SPRAYS GRAIN, BUT FARMERS HAPPY—Mr. and Mrs. Eordna Johnston of Sombra township, five miles north of Wallaceburg, Ont., are in a happy frame of mind as they discuss the possibilities of an oil well which was brought in on their farm recently. Admittedly the biggest well discovered so far in this district in the recent drilling campaign begun by Imperial Oil a year or more ago, Mr. Johnston admits there is talk of a 100-barrel-a-day well. The well was "shot" at 1,530 feet recently and blew in shooting off 150 feet in the air and spraying oil for 150 yards over green fields.

GOV. THIS PENNY FROM OWN THROAT—Recently, three-year-old Russell Stangel of Hamilton, Ont., popped this penny into his mouth and swallowed it. When he lost his appetite, his parents called a specialist. An operation removed the coin from his esophagus — on his third birthday.

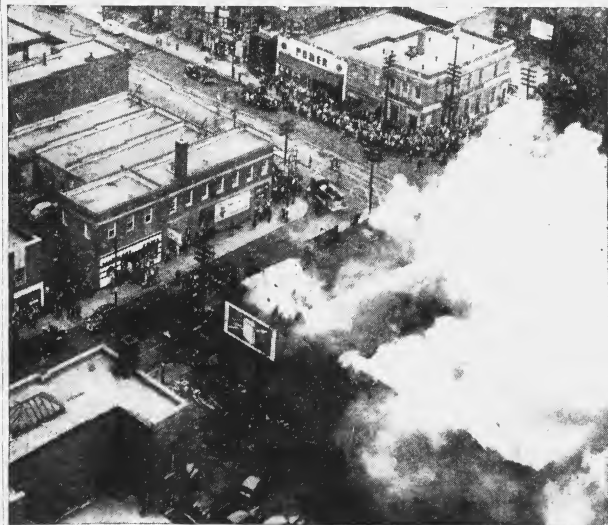

GOOD DAY'S CATCH IN ANY MAN'S LANGUAGE—Good advertisers for western Ontario's fishing territories are Donald Steffer, (left), and his father, Albert, of Kitchener, Ont. They took a trip to Grand Etang, with rod and reel and brought back this string of 27 beauties. The majority of fish on long string are muskies.

"ARMED" GREETINGS FOR NEW CUBAN PRESIDENT-ELECT—Newly elected Cuban president Carlos Prío Socarrás, gets a hearty embrace from chief of staff Perez who did not forget to bring his pistol. In Cuba, elections are sometimes fraught with considerable personal danger to the candidates. On the left is present president Ramon Grau San Martin who backed Prío. On the right wearing glasses is president-elect Dr. Alonso Pujol. This picture was made in the presidential palace at Havana after all returns were in.

SEVEN-WEEK-OLD GROUND-HOG is being bottle-fed by Joan West, 18, daughter of Rev. and Mrs. Harold West, of Rosemont, Ont. "Bring it down so a feller can get at it," probably is what the "baby" is thinking.

SEVEN FIREMEN HURT, 33 FAMILIES FLEE IN \$150,000 FIRE—Seven firemen were cut by flying glass, destroyed or severely damaged, and 18,000 downtown office workers were delayed by traffic tie-ups when an explosion and fire gutted the Farmer's Market building at Toronto, Ont. The fire might have been started by spontaneous combustion. Buildings surrounding the fire were almost obliterated by the dense smoke clouds billowing up. Above is an aerial view of the blaze.

OUR COMPLETE SHORT STORY—

TALK IS NOT CHEAP

By ROBERT OBERFEST

UNCLE ABEL, who was really my great-uncle on my father's side, might have been seventy-five years old, maybe ninety — no one really knew, but everyone knew he was the talkative man that ever breathed. My mother said he had lived his life in a mill town somewhere in northern Pennsylvania as a patternmaker in a foundry. But the things he'd tell: like the time his ship was wrecked off the coast of South Africa and he swam high up twenty miles to reach dry land.

We were not a large family: my father, my brother, sister Julie, and brother Jess and myself, on a fifteen-acre truck farm in the pine woods of southern Jersey. Last January, to my mother's regret, Uncle Abel had come to live with us. He was a skiny man; must've been tall in his young days, but now he was quite curbed over. But there was nothing the matter with his voice. He did no work to speak of; said it later, "I was sitting on the doorstep and whittling on a stick with his ancient jackknife, talking, talking..."

"Looks here, Annie," he'd say to my mother, "you ain't hanged them clothes up right now. In the first place you hang them edge-wise to the sun and that ain't common sense 'cause that way the sun don't hardly shine on them at all. Now, the way I'd hang wash on a line..."

My mother would glare at him, clothes pins in her mouth, her eyes blazing with eloquence stronger even than Uncle Abel's spoken words. But Uncle Abel would whittle on and say: "The way you go about things in this house... now, what I'd do..."

But my father tolerated Uncle Abel. As for instance, at the end of a day's plowing my father would come into the kitchen, hot and sweating, his face lined with dust of the fields. He'd be hungry too, and there we'd wait at the supper table—brother Jess, sister Julie and I, listening to Uncle Abel. I knew my mother couldn't stand him and his yams, but we kids always listened.

Sometimes he'd tell us real exciting stories about how he had fought Indians; or how he had swum up a jungle river with fifty huge crocodiles in hot pursuit. My father would sit down at the table and off went Uncle Abel: "Tell you what, Joshua, that was my father's head swim up ought to wash outside at the yard pump instead of comin' into the kitchen and washin' in the sink. Messes things up for Annie. Many's the time I'd wash my head swim up near the North Pole while I was lookin' for gold in Alaska..."

"Please, Uncle Abel," pleaded my mother. Uncle Abel continued as if my mother had not spoken: "We will now say grace," said my father calmly.

I wondered why mother couldn't be as patient as father, instead of tagging inside her at Uncle Abel, the way she did. We said, and my father said "Amen" and we all started to eat the roast beef and mashed potatoes. Uncle Abel didn't stop talking, even though his mouth was chock full.

Sunday afternoon my mother, more resentful than ever at Uncle Abel's chattering, announced to Jess, Julie and me that we were going to visit the Thompsons, on a farm a half mile south of ours. My father had invited himself at once. Mother, furious, could not openly tell him to stay home and keep my father company, for father didn't like to visit on Sunday afternoon. It was his time of rest.

Uncle Abel regaled us with yams as we walked along the country road. My mother suggested we take the short-cut, the path through the woods. The path led us to a log bridge over Bramble's Creek, a green swirling current, not very wide between banks. It was cool here, with pines and spruce crowding each other.

My kid brother Jess, always adventurous, left the party and remained on the bridge. He let himself over the edge of the logs and dangled down. Uncle Abel, meanwhile, was at his best: "This spot reminds me of the time I was lost in the jungles of the Amazon. Couldn't find my way out nohow, with night comin' on fast and the jungle chock full with wild beasts and snakes. All I did was jest close my eyes and walk. Would you believe it? I came out on a farm, hungry as all-get-out but otherwise jest as speck and span as you now behold me..." There was a scream. Jess had fallen into the green depths of the creek and now

he yelled for help as his slight form went under. My mother's eyes opened in terror and I remembered that Jess and I had not yet learned to swim.

Uncle Abel was saying: "Now that calls to mind once when I was in India, along the Ganges River..."

"For heaven's sake, do something!" said my mother.

Uncle Abel said: "Once, when our steamer struck an iceberg in the North Atlantic I rescued the Captain—" Uncle Abel jumped into the water feet first. His white head ducked under and remained under for a spell. Finally it appeared above the surface and Uncle Abel began moving shoreward, dragging Jess after him. Then Uncle Abel climbed out of the water, pulling Jess along. Jess coughed the water out of his windpipe. Jess said: "Mother, mother, Uncle Abel is drowning!" Uncle Abel choked and spluttered. He had swallowed too much water and now he just keeled over and lay still upon the bank.

"Hurry, run and fetch father," said my mother.

It was quite dark when Uncle Abel opened his eyes in our house with Dr. Haley from Crestville bending over him. Uncle Abel's mouth moved, but the best he could manage was a whisper: "Reminds me of the hurricane off the Florida Keys..."

"Don't try to talk," said Dr. Haley kindly. "I'm afraid you've lost your voice, for how long, I can't say. But you'll be able to whisper and you're lucky at that."

I could see my mother's lips tremble and she looked sorry. I heard my father call her aside and say: "You'll be gentle with him, Annie, when he brags about what a swimmer he is. Jess would have drowned easy, even though the water's only four feet deep at the bridge."

Mother's Delight

By ANNE ADAMS

Such easy sewing! Just look at the dazzy and save for yourself. ONE main pattern piece—make several of these adorable easy-to-sundresses. Pattern 4735 has blouse!

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions. Pattern 4735 comes in sizes 2, 4, 6, 8, 10. Size 6 sundress, takes 1½ yards 35-inch fabric.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly: size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

SIDEWALKS COST LESS

HALF CENTURY AGO

LONDON, Ont. (City officials wished that more side-walks had been laid 50 years ago.

Checking old records they found that at the turn of the century Londoners paid two cents a foot per year for 10 years for new sidewalks. Now the annual charge is 22 cents a foot.

WESTERN KIDS BIGGER

REGINA. — Children not over 54 inches in height and between 5 and 14 years of age now can ride for 5 cents cash or purchase 8 tickets for 25 cents. Some municipal train lines designate a "child" as under 50 inches. Regina citizens believe that western children are bigger.

A SPOT OF TEA

Macaulay reports that Dr. Samuel Johnson, the famous lexicographer thought nothing of reaching his 37th birthday at a sitting.

ONE MAN KILLED IN THIS WRECK—Malcolm Rennie, 76-year-old driver of Shakespeare, Ont., was killed when train demolished this car at Baden. His hat can be seen in twisted tire rim in the foreground.

HOMING INSTINCT

HORSE RETURNS HOME AFTER BEING SHIPPED 900 MILES AWAY

FT. ST. JOHN—Home on the range looked better for a bay horse five-year-old, the further he got away from the home corral. The bay was one of eight head of horses hauled 900 miles north of here on the Alcan to Johnsons Crossing, Y.T.

Upon arrival at Johnsons Crossing, the geegies were unloaded from the truck and permitted freedom to browse around. Seized with a longing for home, the bay gelding started south. Exactly 17 days after he was missed from the string at Johnsons Crossing, the bay was whinnying at the home gate 900 miles distant. He had hoofed it all the way. Official time, 2,295 n.p.h.

The Canadian government which bought the animal for work as a pack horse on some survey jobs on the Yukon-Alaska boundary will now make up its mind as to whether or not the bay will be lassoed and transported once again to the Yukon.

Farm Population Drops In The U.S.

WASHINGTON—Nearly 1,000,000 persons left cities, towns and villages in the United States last year to settle on farms, but more than 1,500,000 moved away from farms into cities, towns and villages.

The January 1 farm population was estimated by the Department of Agriculture at 27,440,000. That was 110,000 fewer than the estimate for January 1, 1947, when a peak of 27,550,000 was recorded after a two-year rise from 23,190,000 at the outset of 1945.

The 1947 decline in farm population was modified by the fact that births exceeded deaths in that group by nearly 500,000, the largest annual increase from that since 1925.

Closed Season On Ducks Urged

OTTAWA—Douglas Ross (PC Toronto St. Paul's) urged in the Commons that Canada and the United States declare a two-year closed season on ducks.

He said that unless drastic action is taken there will be no ducks for hunters to shoot. It was no use for Canada alone to declare a closed season, because the ducks migrated to the United States and would be shot in open season there.

Resources Minister MacKinnon said that his department held a conference with provincial and U.S. wild life officials.

COAL SAMPLES EXPORTED

DRUMHELLER, Alta. — A small cube of Alberta coal, forming the centre-piece of an advertising folder outlining some of the province's industrial potential, had been sent to 12,000 industrialists throughout the world. Each in a tiny coal sack, the samples used up to 200 pounds of top-quality coal.

ITCH CHECKED In a Jiffy - or Money Back

For quick relief from itching caused by eczema, athlete's foot, scabies, pruritus and other itchy conditions use our pure, medicated, liquid, D. D. D. PRESCRIPTION. It's fast, effective and painless. Soothes, comforts and quickly cures itchy skin. Order today for D. D. D. PRESCRIPTION.

PEGGY

Here's Speedy Relief for Tender, Aching, Burning Feet

Your feet may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting into the flesh. You feel sick and weary with the pain and torture you give anything to get relief.

I use of three applications of Moore's Kream-oil and in a few minutes the pain and swelling disappears.

No matter how discouraged you have been, you have not tried Kream-oil until then. You have something to learn. Ask for a bottle today at good drug stores all over Canada.

German Cutlery Industry May Move To Canada

OTTAWA. — The government is studying an application by the Nova Scotia government to move an entire cutlery industry from Germany to that province.

A hint of the negotiations was given in Halifax by Nova Scotia's Industry Minister Connolly. He said in a speech that the wholesale transfer is being considered and that officials of this department will go to Germany soon to bring technical advisers to the province.

A former naval base at Shelburne, N.S. is the proposed site. About 30 skilled Germans would get the plant started; some 200 Nova Scotians would be employed later.

The 30 technicians are displaced persons whose families would come to Canada under the plan. No machinery could be brought from Germany, so it would have to be provided from other sources.

The Nova Scotia government's application is being considered by trade department and immigration officials. It was learned. Rulings in similar cases have been to allow a small number of experts to settle first, to be followed by other workmen as the industry develops.

Newspaper Provides Best Advertising Media

QUEBEC—Newspaper advertising continues to provide the best media for moving goods off retailers' shelves in quantity, Edgar G. Burton, president of the Robert Simpson Co., Ltd., said in an address to the Newspaper Advertising Executives of America.

"Magazines, radio and even television have their part to play, but for consistent results the newspaper ad 'delivers the goods'."

"A specific article is usually offered at a price and the reader is told where to get it. He is persuaded to come and buy it today, or at the latest tomorrow. Retailers generally find that kind of appeal more effective than the sort of advertising which suggests you might buy something, sometime, or someplace."

The development of his own company from a small store, Mr. Burton said, would not have been possible without the close co-operation of many Canadian newspapers.

And here may lay most of the Canadian press maintains a standard of news and advertising presentation of which we are indeed proud."

ROMANCE?

WESTMINSTER, Cal. — The Westminster Herald carried this classified ad today:

Wish to trade—bridal gown, hope chest, other accessories for shop in good condition. Write Gen. Del Box 17."

BLAMES WESTCRAFT FOR HER EXCESSIVE WEIGHT

PORT ELIZABETH, S.A. — So heavy that she is unable to support her own weight, a 400-pound, 50-year-old native woman believes she was bewitched and that a witchdoctor tried to turn her into a frog. Doctors say she is suffering from pituitary gland trouble.

BUILD PRO-CATHEDRAL

EDMONTON. — Archbishop J. H. Macdonald turned first sod for the erection of St. Anthony's pro-cathedral here. The new Roman Catholic pro-cathedral will be fan shaped, of brick and steel construction, and will cost \$200,000.

ORIGINAL MEANING

The word mess, as used in such phrases as "officer's mess", originally meant a portion of food, or provision of food for one party for one meal.

Coleman Motors' Large Competent Staff Is A Guarantee Of First Class Workmanship On Your Car

There is no reason why you cannot get really dependable service from your car, even if it does belong to the 30's. It all depends upon the experience of the repairs and maintenance. The staff of the Coleman Motors are men of experience and you can always rely upon them giving you sound advice with respect to the replacements your auto requires to keep it in good running order. You can rely upon them also to put on your car only the time and parts that are absolutely essential to good performance. The reliability of the staff at this garage is your guarantee of complete satisfaction. The Coleman Motors are sales

and service dealers for Mercury and Lincoln cars, and offer a complete service to all makes. This service includes everything from a small adjustment or tune up to a complete overhaul job.

The business was established in 1945 by Messrs. V. Lilya and D. Moores. Mr. A. Wilson became a partner in the firm in November 1947, at which time he took over Mr. Moore's interests.

If your car is in need of repair, we suggest that you take it to the Coleman Motors where their courtesy and careful attention to every detail has resulted in building up a large and regular clientele.

Children Raised \$1.81 For Civic Centre Fund

Beverly and Cynthia Bond, Sheila Penney and Keith Clarke combined their energies a few days ago to raise some money for the Civic Centre Fund.

The little Bond girls worked on Mom to supply lemonade which they sold at 1c per glass while Sheila and Keith raised 60c through donations in merchandise and money from neighbors. There being a ready sale for merchandise and lemonade the princely of \$1.81 was soon raised and was given to Daddy Bond who is, by mere co-incidence, chairman of the Civic Centre Finance committee.

Queen Candidates In a Ticket Selling Free For All

The three young maidens vieing with each other for the honor of being crowned Queen of the Third Annual Coleman Rodeo are presently engaged in a ticket selling free for all.

Elks Queen candidate Doreen Jenkins got a healthy boost last week when Elks' secretary J.M. Rushton mailed two books of tickets to every local Elk, and there is plenty of them, and told them to get busy and sell them or keep them as he was only interested in the financial returns for each book distrib-

ted from his office.

Board of Trade candidate Millie Bubniak has a regular gang of young salesgirls working for her and in addition has that master mind J.M. Chalmers behind her selling campaign. Jack is planning a big dance at the lake with the admission being by the yellow Board of Trade Rodeo Queen tickets. However he states he will have something definite on his future program soon.

The Polish candidate Ann Kuchtyk has all the members behind her and it is understood that she too will have the entire membership both buying and selling books in her behalf.

Committee chairman Jim Drew states that he does not know who is out in front at present but one thing he does know is that the tickets are fast disappearing and it is a humdinger of a race. Mr. Drew and his committee have already purchased the prizes to be awarded the winner and the two runners-up and have them on display at Chalmers Jewellery.

Mrs. Tom McGregor, of Vancouver, is the guest of her daughter, Mrs. Roy Upton, of Bellevue.

Free Dance At Crows Nest Lake Friday, July 16

Jack Chalmers, who is master-minding the Board of Trade's Rodeo Queen candidate campaign, is sponsoring a dance, absolutely FREE, at Crows Nest Lake on Friday, July 16, from 9 p.m. to 1 a.m. Saturday.

Jack has arranged for FREE transportation to the lake through the courtesy of Claes' taxi service which will leave the Grand Union Hotel at 8:30 p.m. The dance is FREE provided you first buy 50 cents worth of BOARD OF TRADE Rodeo Queen Tickets which Jack and a host of helpers will have prominently displayed. Edle's orchestra will supply the music.

Each queen ticket purchased gives the holder a chance on a \$50 cash prize or a fine saddle pony. Refreshments will be served at the pavilion.

Proceeds from the sale of tickets will be poured into the financial Rodeo pot and will eventually find its way into the Coleman Civic Centre Fund.

The dance will be held in Alex. Morency's popular Crows Nest Lake dance pav-

lion. Mr. Morency is co-operating wholeheartedly with the Board of Trade and is anxious that Coleman raise as much money for its Civic Centre as it is possible to do. He has assured Mr. Chalmers that all his dance facilities will be available for the dance and that dance patrons can look forward to an exceptionally good night's entertainment.

Mr. and Mrs. Bert Hopp and son spent the week-end visiting friends at Pircher Creek.

RAILWAYMAN FETED

After 48 years of railroad service, C. W. "Mac" McKinnon, agent at Banff, who is retiring was feted Saturday night at a

farewell ceremony. Mr. McKinnon served as agent in Granum, Okotoks, Coleman and Maple Creek before going to Banff in 1946. He is succeeded at Banff by F. L. Gainer, formerly freight agent at Lethbridge.

THANKS FROM FRED BEDDINGTON, JR.

The following note of thanks was received by Adam Wilson at the weekend.

Dear Sir:
The plaque and wallet arrived a few days ago and I wish to take this opportunity of thanking the Reception Rehabilitation Committee and the citizens of Coleman for the truly terrific gifts.

I am in the RCAF Central band now and all the boys in it were completely "knocked out" with them and quite envious too.

Thanks a million and the very best to you all.

Sincerely,
F. G. Beddington.

A Geographical Congress

GEOGRAPHY HAS BECOME an increasingly interesting and important subject, as rapidly changing world conditions have brought about many alterations in our maps and made hitherto unknown places important. In view of this there will be widespread interest in the forthcoming Congress of the International Geographical Union, which is being held in Lisbon, Portugal, in September of this year. It is expected that leading geographers from all parts of the world will be there, and Canada will be represented by three official delegates and several observers. No gathering of the Union has been held since 1938, when there was one in Amsterdam, and there will be more than usual interest in this first meeting to be called since the war.

Of Interest To Canada

The agenda for the meeting includes many subjects which will be of interest to Canada at this time. Among these will be studies of rural dwellings, changes in land due to irrigation and subdivision, and the weakening of soils due to continuous cropping, all of which are related to problems with which the people of this country are familiar. The physical geography section will discuss the subject of arid and semi-arid lands, while those interested in biogeography will consider such matters as the effect of biological pests on vegetation and methods of cultivation, the propagation of plant species, and the inheritance from the past in present-day vegetation.

To Discuss Map Making

Recent air surveys of the Canadian North, during which many new features of the land there were discovered, will give the Canadian delegates an added interest in discussions which will be held concerning plans for standardizing conventional symbols for topographical maps. Discussions relating to movements of populations, the utilization of arid lands, reforestation and moisture conservation, methods of teaching geography in schools, and the international exchange of information by students of the subject, all likewise touch on matters which concern this country. The proceedings of the forthcoming meetings at Lisbon will be of interest to all who recognize the significance of the problems to be discussed and are aware of the importance of the study of geography in these times.

ECZEMA

You'll find quick relief for the itching, burning, scaling, of eczema when you use Dr. Chase's Antiseptic Ointment. Use it today!

Fast Decision Seen If War Hits Arctic

TORONTO. — Outcome of a war fought in the Arctic would be "forced quickly," Lt.-Col. J. N. Crawford of Ottawa said.

He discussed medical aspects of warfare in the far north for the armed services' section of the Canadian Medical Association.

Col. Crawford said small detachments of troops would fight on a small front. Troops would travel overland by snow vehicles or be airborne as parachutists or glider men. Supplies would be flown to them or brought by tractor train. An advance base would be close to the front and a main one, "in the temperate zone."

Dr. O. M. Solandt of Ottawa, chairman of the defence research board, urged doctors to help form an international agency to abolish war. He said his board was studying defence methods in case of atomic or bacteriological war.

Surgeon-Gen. T. B. McLean, Esquimaux, traced postwar medical development.

One Time Millions Were Worth Nothing

LOS ANGELES. Imagine picking up \$9,000,000 from the sidewalk, and discovering it isn't worth a nickel to you.

Mahmud H. L. Oulter, 45, did recently. He found a leather case. It was a cheque for \$9,000,016. He took it into a nearby bank. A girl messenger from the Federal Reserve bank arrived to claim it. She'd dropped the case.

A federal reserve official said the cheque was a non-negotiable, routine draft for transferring funds from a Bank of America branch to Federal Reserve Bank.

SOME BOMB!

HARROGATE, Eng. With bomb scares fresh in his mind, C. Stubby took a suspicious looking packet to the police station. A detective removed the black tape and purple sealing wax, opened the parcel and found a framed check for \$1,116 (\$1,644) which Stubby had won on football pools.

An outdoor incense burner, near Lama temple, Peking, China, is 14 feet high.

REPELS MOSQUITOES

Mosquitoes, like other pests, stay away when you use Tanbo. A 6 hour or longer protection with a single application. An all-purpose cream, Tanbo also prevents sunburn, and even tans.

Green Cross Tanbo INSECT REPELLENT CREAM

FUNNY And OTHERWISE

"Eternity is so vast—who can comprehend it," said the speaker. "Perhaps," said the little man in the back row, "you never thought anything on the monthly payment plan."

"So you've just got back from your holiday. Feel any change?" "Not a cent."

Customer: "Have you anything for gray hair?"

Conscientious Druggist: "Nothing but the greatest respect, sir."

The late Tom Mix, old-time Western movie star, said after a sizzling banquet: "I eat and for two hours and don't recognize a thing I eat except an olive."

He: "After we're married, I'm going to wear the pants in our family."

She: "Sure, but I'll tell you which pair to wear."

The young man had ardently proposed to the broker's daughter, but she could not make up her mind.

"Will you be true to me?" she demanded.

"I'll be true as steel," he declared fervently.

"Common or preferred?" she asked.

Pat: "I was engaged putting a water main into the porthouse. Saturday came and the boss said Pat definitely examining his pay packet. 'Mistake in your wages, Pat,'" he asked.

"Oh, no," said Pat, "but I was just wondering whether my sister would be in the porthouse first."

Visitor: "I don't like to be inquisitive, but what are the four holes in the door for?"

Maintenance: "We got four cats."

Visitor: "But why don't you have one good-sized hole?"

Maintenance: "Stranger, when I say 'cat' I mean 'cat'."

Classic of the classified section, appearing in a Missouri weekly paper: "Wanted—A mule. Must be reasonable."

Two small boys were discussing the capabilities of their mothers, both active club members.

"My mother can talk on just about any subject," the first lad declared proudly.

"Phoney?" retorted the other. "My mother can talk without any subject at all."

He: "That girl reminds you of the country of a confound in early spring."

She: "Yes, she's a bit of a scare-crow."

An American film actress was applying for a passport.

"Unmarried?" asked the clerk. "Occasionally," replied the actress.

YAWN SHOWS OXYGEN SUPPLY IS DEPLETED

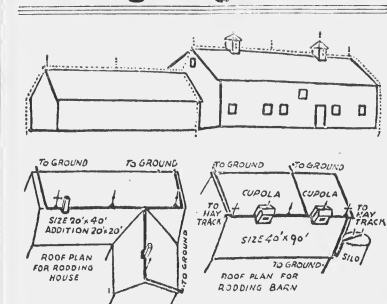

Your yawn is a true sign of fatigue. Human activity produces waste products in the blood and depletes the oxygen supply. Your yawn is the body's effort to increase the oxygen supply by a deep breath. But only sleep will reduce the waste products in the blood and restore energy.

The Swiss flag is one of the oldest in Europe, having been used as early as 1339.

THESE TRACTORS ARE WORKING FOR PEANUTS—A battery of tractors hauling mechanical harvesters gather in the first crop of peanut on the newly-developed ground-nut farm operated by the British government in the Kongwa district, in Tanganyika, Africa. More than 7,500 acres are now under cultivation for the nuts. The huge-scale plan, directed and financed by the British Commonwealth authorities, will help relieve the fat shortage.

Farm Lightning Protection

Lightning rods, to do their work successfully, should be installed correctly. These diagrams show the method of installation on various shapes of buildings.

WHILE lightning is not responsible for most farm fires, it usually causes more serious fires and greater destruction in rural areas than any other cause of farm fires. Fires from other causes can often be checked at the start, but the lightning fire usually results in a complete loss.

Both copper and iron are suitable for lightning conductors, but since the resistance of iron to the flow of electric current is about ten times that of copper it is plain that to be effective, iron rods would have to be so heavy that they are out of the question. Copper is resistant to exposure to the weather and also to a great extent to corrosion in the soil so long as it is free from ammonia.

Due to the presence of ammonia, however, should never be allowed to pile up around a copper lightning rod.

All connections or joints in cables must be carefully made and there should be as few as possible. A copper clamp is dependable when properly hammered down so as to make a joint which meets the regulations of the Lightning Rod Act.

The purpose of lightning rods is to conduct electric charges from lightning to the ground, therefore the ground connections are the most important part of a lightning rod system.

Conductors should be brought down in as short a line as is convenient, taking care to avoid any sharp bends in the rod as this is not considered good practice.

The important thing about ground-rod is to make sure that every ground rod is always in contact with permanently moist earth. Various means are used for making the hole into which the ground rod is pushed, but, however it is done, the rod should be pushed into the ground.

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forebrain "See" For The Good Of Your Back! Relieve That Helpless "See" For The Good Of Your Back!

Now take half of your digestion is done below the belt—in your 25 coils of bowels. So when indigestion strikes, try something that is in situation in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills. They are gentle help to clear "bottlenecks" in the liver. They help wake up a lazy flow of the 1 1/2 million drops of juices in your stomach AND liver—help you digest what you have eaten in 24 hours. They are gentle help to clear "bottlenecks" in the liver. SWITZERLAND WOULD BUY WHEAT AND SELL WATCHES

VANCOUVER. — Switzerland is hoping to be able to buy Canadian wheat again soon, Dr. Victor Nef, Swiss minister to Canada told the Rotary Club of Vancouver.

He said his country used to import 95 per cent. of their wheat requirements from Canada, and export to us in return watches and other manufactured goods.

Good watches, Dr. Nef said, must have quality of workmanship since they can not compete in mass production methods. Ninety per cent. of each watch is in labor, he added.

Canadian Winter Is Worriying Immigrant

MONTREAL. — L. Faciotti brought his wife, four sons and two daughters from Algiers to Canada and is definitely worried about the weather he will find in northern Alberta.

The Faciotti family arrived as immigrants on the Ascania. They will live with Mrs. Faciotti's sister on a farm north of Edmonton.

The sister wrote them that the winter freeze over in winter and the ice becomes so thick it is possible to drive a horse and sleigh across.

"Is that true?" demanded Faciotti. He said he brought along every stick of clothing he could find, and if it really gets that cold in Alberta he's going to buy more.

WINS "WORLD SERIES" FOR CHICKEN CONTEST

GEORGETOWN, Del. — The Van Tress Hatchery of Maryland, Calif., was named winner of the "Chicken of Tomorrow" contest—world series of the billion dollar broiler industry.

A first prize of \$5,000 was awarded the hatchery for its entry of Cornish-New Hampshire cross-birds.

Henry Sargio of Harbor Acres Farm, Georgetown, Conn., won the \$10,000 second prize with White Rocks.

The contest got under way about a year ago. Forty-four hatcheries from 25 states sent 525 eggs each to Allen Bradley's hatchery here 16 weeks ago.

Three weeks later the eggs hatched. The chickens were brought to broiler size, then killed, dressed and frozen.

Fruit, Vegetable Ban To Be Lifted 'End Of Year

OTTAWA. — Canada's reserves of gold and United States dollars totalled \$748,000,000 at June 23, compared with a low of \$461,000,000 last December 17, Finance Minister Abbott reported to the Commons.

At the same time, he disclosed that import restrictions on fresh fruit and vegetables from the United States will be relaxed by the end of this year.

Steps also will be taken this Fall to allow the import of British West Indian tomatoes so Canadians will have a reasonable supply of lettuce, tomatoes and citrus fruits next Winter when Canadian production is low.

Here's How To Enjoy A Healthy, Happy Holiday

If you are a non-swimmer avoid deep water and stay out of a canoe! Don't go in the water immediately after eating!

Learn about artificial respiration... you may save somebody's life!

Take the sun in easy doses—sunburn is a real burn!

Learn what poison ivy looks like—then avoid it!

Be sure your water supply is pure! Make certain your vacation milk supply is pasteurized—if not, pasteurize it yourself!

Avoid over-exertion, particularly if you are unaccustomed to strenuous exercise!

In hot weather use more salt in your diet!

Landlord Had His Trouble For Nothing

LOS ANGELES. — Mrs. Anna Hagopian, in a damage suit, said her landlord did the following in attempting to evict her:

Padded her bathroom door. Tore the kitchen sink from the wall.

Removed kitchen fixtures, including the stove. Turned off the gas.

Instituted a course of force, epithets and threats, including three lawsuits, against her.

Mrs. Hagopian, suing landlord M. S. Librarian for \$22,000 damages, said it was all to no avail. She still is living in the apartment.

Launch Advertising Plan To Bring Tourists

VICTORIA, B.C. — Trade and Industry Minister L. H. Eyles announced the Government Travel Bureau has revised its annual advertising campaign and is now launching a full scale program in the Western United States to publicize the opening of all main highways in the province.

The 1948 tourist traffic has dropped sharply. Officials blame highway conditions in Washington and Oregon rather than on the B.C. floods.

PLACES OF INTEREST

The town of Napa, Calif., has several places of interest to tourists. These are the Napa sand springs, Napa redwoods, Calistoga hot springs and petrified forests.

WORLD HAPPENINGS

BRIEFLY TOLD

Two hundred British films will be sent to the United States for television networks.

The commons has adopted a bill establishing a commission to undertake a revision, classification and consolidation of Canada's laws.

Thousands more British tourists may visit Switzerland this summer because the Anglo-Swiss trade balance is exceeding optimistic expectations.

Remains of Saxon warriors believed killed in the Battle of Hastings in 1066 were unearthed in the Deancry Gardens at Battle, Sussex, England, recently.

Owners of racing pigeons fear they may have to slaughter thousands of their birds if September unless more corn is made available for feeding purposes.

In experiments which led to a new malaria discovery at the London School of Hygiene and Tropical Medicine, a volunteer was bitten by more than 2,000 mosquitoes.

Britain's post office radio stations dealt with 282 distress calls during 1947. In addition, 323 medical messages were handled under a service called Medical Advice to Ships at Sea.

MONTREAL.—The Canadian chamber of commerce announced that it has appealed to all its 1,700 company members and to 549 member boards and chambers for aid to British Columbia flood sufferers.

West Coast Whaling Industry Is Thriving

VICTORIA.—The whaling industry is once again flourishing in British Columbia, and not a scrap of the whale is thrown away in the processing.

At a former R.C.A.F. base at Coal Harbor at the head of Quatsino Sound, west coast of Vancouver Island, the Western Whaling Corporation has set up a modern whaling station.

Operations started several weeks ago and already 10 mammals, averaging between 40 and 60 tons each, have been brought in. Many whales are reported in the vicinity and the three company vessels are out for the harvest.

A former hangar has been turned into a reduction plant, and a ramp connecting water and land is being used to drag the catch to the plant. Key figure is the "benzer", highest paid man in the camp. He is responsible for cutting up the mammals before reduction, and a professional was flown to the station from Norway for the job.

A power-saw cuts bones into sections. These are then placed in large steam-pressure vats for from 12 to 17 hours, later processed, and finally sacked as bone meal.

In great tanks blubber is reduced to oil. Blubber strips are so tough that heavy chains and a bulldozer are used to strip them from the whales.

This Is So New!

2784

Shame! Throwing rocks at street lights! You're lucky a policeman didn't see you!

You mean he could take me to jail?

My you too young. But he could take your daddy!

Boy! For a minute you had me scared!

Poultry Farmer Reveals Why Eggs Going Up—Never on farm before her marriage, Mrs. Leaver, an English war bride, feeds some of their Plymouth Rocks "Terribly temperamental", she says of chickens, affecting their egg production. Food includes mash, grit and oyster shells. The only item not up in price is oyster shells. Mrs. Leaver doubts whether the recent frost will enable her to "brack even".

Canada May Have King And Queen As Part-Time Residents

OTTAWA.—Prime Minister Maclean King told the commons he believed the country could look forward to the day when the King and Queen would reside for part of the year in the capital of Canada.

Introducing a resolution committing the federal parliament to continue development of Ottawa as a national capital, Mr. King said he thought Canada would eventually hold first place among the nations of the British Commonwealth.

"This Dominion of Canada today is the most fortunate country in the world and has possibilities of development which no other country has," he said.

After two hours' debate the resolution was approved. Discussing the future of Ottawa, Mr. King mentioned the capitals of the United States, Britain, France and Italy, and said: "I believe, as I think all members of this house believe, that Canada has a future greater than that of any of the countries which have mentioned."

SELECTED

RECIPES

CHICKEN FRICASSEE

3 pounds chicken
1 onion
2 cloves
½ bay leaf
1 teaspoon salt
1 cup chopped salt pork fat or other fat
1 cup flour

Singe, draw and disjoint a 3-pound chicken. Wash and rinse carefully. Put into a saucepan with 1 quart of water, 1 sliced onion with 2 cloves pressed into it, bay leaf and salt. Simmer slowly until tender. Remove chicken, dredge the pieces generously with the flour, salt and pepper, and brown in the salt pork fat or other fat in a frying pan. When the pieces of chicken are nicely browned on both sides, add the stock in which the chicken has been cooked. If the gravy is not thick enough, add flour thickening to it. Season to taste. Arrange with a border of boiled rice. This is a good way to utilize fowls which need long, slow cooking to make them tender.

CHEESE AND NUT SALAD

1 cup cheese
1 tablespoon melted butter
½ cup sweet cream
1 cup chopped nuts
1 cup chopped pimiento
1 cup chopped olives
Mix the cheese, moisten with cream and melted butter, season with salt and cayenne, add chopped nuts, pimiento and olives, press into a mold and let stand 2 hours. Cut in slices and serve on lettuce with mayonnaise dressing. Combine mild cheese with pimiento, shape into small balls and serve on bread lettuce with French dressing.

Bishops Asked To Outlaw War

LONDON.—Nearly 9,000 persons have signed a petition to the Archbishop of Canterbury, Dr. Geoffrey Fisher, urging the bishops of the Church of England to outlaw war at their forthcoming Lambeth conference.

The Anglican Pacifist Fellowship has collected nearly 3,000 of the signatures from Canada, Eire, Australia, British Guiana, the United States, Egypt, India, New Zealand, Nigeria, South Africa, the Rhodesias, Tanganyika and Germany.

BETTER THAN LOAFING

Hobbies or pastimes are better for you than "snoozing" in the sun. Health experts advise us to relax our minds and keep our bodies trim with some hobby or sport we like.

The River Jordan is about 200 miles long and at some points as much as 15 miles broad.

Mr. King's resolution calls for a special "national capital fund" with annual appropriations by parliament to finance projects recommended by the federal district commission.

It provides that expenditure of money is to be conditional on the "effective co-operation" of Ottawa and other municipalities within the capital district.

He said improvement, including construction of new bridges and removal of the railway freight terminals, will be "extremely costly".

The federal government, the city of Ottawa, and the provinces of Ontario and Quebec have direct interests and responsibilities in development of the capital idea. It would be impossible to bring them together harmoniously unless there was some broad, general plan.

When you're in the right you can afford to keep your temper, and when you're in the wrong you can't afford to lose it.

Boy! For a minute you had me scared!

HEALTH LEAGUE HEAD WARNS VACATIONISTS OF RAW MILK DANGER

The Health League of Canada, through its General Director, Dr. Gordon Bates, has issued an appeal to summer vacationists and travelers to carefully investigate the source of supply of the milk they use this summer.

"Although they know, or should know, that unpasteurized milk is a germ carrier and a fine culture medium for virulent disease bacteria, numerous vacationists and travelers this summer most likely will neglect to make sure their milk supplies are safe," Dr. Bates said. "They will not take the trouble to check whether the milk they obtain from farms, lunch rooms, restaurants or hotels, and other sources is safe—safe because it has been pasteurized."

Dr. Bates said he wishes to emphasize that just one drink of contaminated raw milk could cause a person to become ill. He said raw milk can contain germs which cause such crippling or death-dealing diseases as typhoid fever, undulant fever, bovine tuberculosis, septic sore throat and dysentery.

"So why should anyone take a chance on unpasteurized milk, Dr. Bates asked. "If the commercially pasteurized variety is unobtainable people can pasteurize their own milk. The Health League of Canada, 111 Avenue Road, Toronto 5, Ontario, will supply a free booklet outlining home pasteurization methods to anyone interested. Public health departments also can help."

Mountaineering is encouraged for men of the Royal Air Force.

Owes Life To Skill Of Surgeon

CHICAGO.—Mrs. Julia Brittan, 23, whose heart stopped beating on the operating table, owed her life today to the quick skill of a surgeon. She was undergoing an appendectomy when attendants, clustered around the operating table at American Hospital, motioned that her heart had stopped.

Urgently, the call was sent through the hospital: "Dr. Thorek, wanted in surgery immediately."

Three precious minutes had ticked by when Dr. Max Thorek, the hospital's chief surgeon, burst into the operating room.

He grabbed a scalpel and made an incision over the patient's heart. Deftly he made two more incisions. One pierced the diaphragm and the other cut through the pericardium, which covers the heart.

Then, with his fingers, he massaged the heart with the rhythm of a normal beat. A few seconds later the heart responded feebly, taking up the beat itself.

Gradually the beat grew stronger as Thorek applied more pressure.

Then, at precisely the right time, he injected adrenalin into the heart, sewed up the incisions and without pause performed the appendicitis operation.

PEASANTS MAY HAVE BEEN SEEING THINGS

AUCH, France.—Peasants reported that a sort of landgoing sea serpent was on the loose in a nearby rural area. It is nine feet long, green with black spots, and as big around as a box, they said. The area is famous for its fine brandy.

The tusks of an elephant continue to grow throughout its life.

Weekly Tip

NEW CANS OF PAINT

Let the can of paint stir itself—place upside down for a few days and paint will be all stirred up—ready for use.

VERY HOT SPOT

When the planet Mercury is in the part of its orbit closest to the sun, the temperature on the side facing the sun is about 775 degrees Fahrenheit.

SHAME! Throwing rocks at street lights! You're lucky a policeman didn't see you!

You mean he could take me to jail?

My you too young. But he could take your daddy!

Boy! For a minute you had me scared!

—By Al Vermeer

In Memoriam

JOHNSON—In Loving Memory of our dear husband, father and grandfather, Karl Johnson, who passed away July 14, 1944. No one so greatly loved can ever die:

The frame may weary and lie down to rest. In seeming coldness, we put it by

For patient waiting in the earth dressed.

We leave it waiting; yet we do not wait.

In measure with the one beloved we grow—

Our thoughts in ever-rhythmic beat pulsate—

The color of each deed has added glow—

From that one loveliness that left impress

Of all its finest gifts on us, as part

Of our continuing. So we confess Our love with each warm beating of the heart.

No one so greatly loved can ever die.

Ever remembered by the family and grandchildren.

NOTICE

The Women's Association of St. Paul's United Church wishes to let their friends of the congregation know that in the near future they will be calling on them to solicit pies in connection with their "Rodeo Dinner". The proceeds of this go towards the Building Fund which is steadily growing. We thank you for your support in the past and ask for it again at this time.—Women's Assoc.

CARD OF THANKS

I wish to extend my heartfelt thanks to all who so kindly assisted and for the words of sympathy and beautiful floral offerings extended at the death of my beloved wife. Thanks is also expressed to the pallbearers—Neil Fleming, sr.

CARD OF THANKS

We wish to thank all the citizens of Coleman for the plaque sent to us in memory of our dear son Peter.

Mr. and Mrs. A. J. Skocz.

CARD OF THANKS

I would like to thank all those who attended the funeral in my honor, also those who sent gifts but could not attend. I especially wish to thank the following hostesses who sponsored the shower in my behalf, Mrs. M. Chupka, Mrs. E. Pagnucco, Mrs. A. Prowski, Misses Helen and Irene Hazuka and Wilma and Alice Michalsky.

Mary Zahara.

D.D.T.
CONCENTRATE

- Sure Death to Flies
- Economical to Use
- Increases Yields of Milk and Meat

STANCO LIVESTOCK SPRAY IS THE IDEAL REPELLENT

For those who prefer a repellent spray, with a quick knock-down kill of all flies it hits, your Imperial Oil Agent offers the tried-and-proved Stanco Livestock Spray. No spray repels flies more effectively, or knocks them down faster.

THIS YEAR, you can rid your livestock and your stables, hog pens and poultry houses of flies, more completely than ever before. Imperial D D T Concentrate is the answer to your prayer, as far as flies are concerned.

It's economical to use, too. For power spraying or dipping, you mix only 1 part concentrate to 125 parts water (which is equal to about 2½ tablespoons in a gallon). For hand of application, you double the strength. For walls and ceilings, a gallon of concentrate makes 5 gallons of spray.

As it dries, it leaves a residue of D D T on the animals' hair, or on walls and ceilings, which is sure death to every fly that lights on it. They pick it up on their feet and it kills by paralysis.

Imperial D D T Concentrate is the most up-to-the-minute fly killer on the market. You can depend on it. See your Imperial Oil Agent.
